

EXECUTIVE SUMMARY

What we offer is pooled funds, is a generic term for a portfolio of money from many individual investors that are aggregated for the purpose of investment, investors and strategies or time to day trade and keeps making changes to any available bias opportunity in the market.

Our indefinitely scalable investment fund is solving one of the most limiting & long-due issues of the current investment any Compromise. The fund operates with strict risk management procedures to ensure that enough consecutive trades can be fulfilled in order to maintain an overall positive return.

What we offer is pooled funds, is a generic term for a portfolio of money from many individual investors that are aggregated for the purpose of investment, investors and traders don't really have the strategies or time to day trade and keeps making changes to any available bias opportunity in the market.

Our indefinitely scalable investment fund is solving one of the most due issues of the current investment market without the fund operates with strict risk management procedures to ensure that enough consecutive trades can be fulfilled in order to maintain an overall positive return.

EXECUTIVE SUMMARY

Accessdigitaltrade

The capital of the fund that is not traded is securely Ledger cold wallets, which keeps the security standards at the highest level as we aim to protect our clients from any possible inconvenience.

We don't make use of API and Trading Bots; trade position & closing is done manually by us. We trade personally on cryptocurrency, Real Estate, Forex, Binary Options and Cannabis with some great team work periodically using the market surges & bullish movements effectively we're obliged to acquire more percentage profits than a stable market condition.

We're making very good use of margin trading to stay clear out of risk. The capital of the fund that is not traded is securely stored in multiple Ledger cold wallets, which keeps the security standards at the highest level as we aim to protect our clients from any possible
